I agree, I do not think the SPod and Denka sample results are inconsistent.

# Ex. 5 AC / Ex. 7(A)

- We have no sample overlap for DPE sample taken on 10/2 at the Levee and our sample taken on 10/3 at the Levee.
- We have sample overlap on 10/16, DPE Hospital ND and SPod Hospital ND). Our 10/17 Fifth Ward Sample had no overlap with DPE.
- We have no sample overlap for DPE sample taken on 11/4 at Western Spruce and our 11/6 taken on 11/6 at Chad Baker.
- We have sample overlap in time on 11/18. DPE Western Spruce is 28.9 and EPA Fifth Ward Elementary 13.938 (closest of the two network locations).

I attached the Spreadsheet I used for comparison. Not designed well for formal presentation, so let me know if you have any questions.
